Unfortunately this facility is no longer available on site. The closest food area is 2km from the resort.

You may like to consider dining at **The Point**, located in Soldiers Point, **The Wharf** located in Nelsons Bay or **Catch** at Shoal Bay.

- The resort has an **18 hole golf course** which is functioning at full capacity, carts are available for hire.
- There is a **tennis court** and some **children's play equipment** on site for your use. Please note that we will be requesting that the new owners of the Horizons Resort ensure this equipment receives maintenance and refurbishment/replacement as soon as possible.
- The **swimming pools and spa** are fully operational however the local Port Stephens swimming academy utilizes this facility as their home training pool on a daily basis. All owners and guests are welcome to use the pool and spa in conjunction with the academy. Aqua aerobics classes are also available at a nominal fee to all Owners and guests. Please note that the pool is not heated.
- The **sauna** remains out of order until further notice.
